To the President of AOPA-Ukraine  
Mr. Gennadiy Khazan

Milan, 31 July 2012

Dear Gennadiy,

AOPA-Italy and participants of Air Raid Italy-Ukraine 2012 would like to thank you for the assistance provided by you during organization and execution of the "Air Raid Italy-Ukraine 2012". Your personal efforts were really outstanding and helped a lot to make this event happened! Italian pilots were very pleased to visit Ukraine with its beautiful cities and airports and they remained much expressed by very good organization and good quality of services provided during their voyage.

We believe that such kind of cooperation helps to popularize international air tourism, to promote culture and experience sharing between pilots of different countries, to support development of General Aviation in Europe in general.

Our best wishes and warmest thanks to AOPA-Ukraine members and hope to be able to continue our collaboration!

Rinaldo Gaspari
